## *Green Fashion Prize Presentation*

On 21<sup>st</sup> June, the Prize Presentation Ceremony of the Green Fashion Design Competition 2014 was held at the Hong Kong Visual Arts Centre.

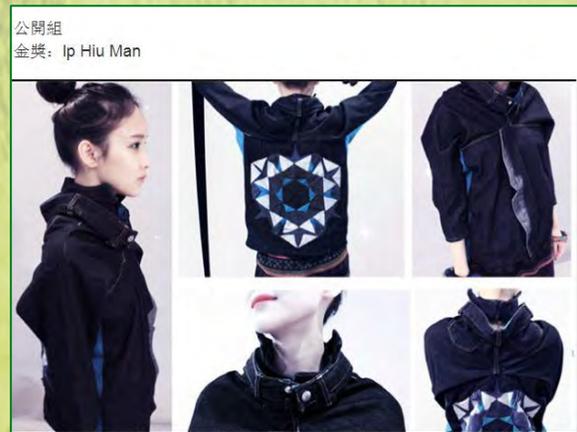

Awards were given to the top three designs in the secondary school group and in the public group. There were also a few merit awards and a Facebook Online Vote Award for each group, based on which designs received the most votes on the Facebook website.

Through the competition, all participants could learn to express their creativity, to upcycle waste materials, and to raise their environmental awareness through meaningful activities. The participant and community response was even greater than expected, and many are already looking forward to next year's competition. Overall, it was a great success! Thank you to all those involved for your efforts and support!

- **Middle level** Local activities and community engagement through educational programs, e.g. the Green Fashion Competition and Chi Gong class.
- **Lower level** Outreach to people who need help, e.g. charity functions, such as inviting the elderly for yum cha and visiting the elderly home on a monthly basis.
